ADAPT

The Adult Day Activity Program & Training (ADAPT) is a training and social program that serves adults with more severe and pervasive disabilities.

This program is designed to work with adults, 18 years to seniors, in group settings, and on an individual basis.

The ADAPT Program goal is for individuals we serve to participate in social and stimulating environments while keeping in mind each individual's strengths, interests, personality, and ability to interact with others and their community.

ADAPT provides a variety of experiences and choice including:

- Arts & Crafts
- Sensory Activities
- Music
- Exercise
- Educational Games
- Community Outings

Certified in First Aid, CPR, and Crisis Intervention, staff members assist with feeding, personal care, hygiene, and behavioral support based on the individualized plans in place for each participant.

Case managers are assigned and on-site for any additional support needed by either the individual or family.
